

SWIFT CURRENT, SK

LOCAL MATTERS aims to bring you stories about the people and businesses in **MANTL** communities across Western Canada. If you have a business you'd like to showcase or know of one, please email localmatters@mantl.ca

WHAT IS THE HISTORY OF AMPED IN SASKATCHEWAN?

Amped Well Servicing; A division of Amped Energy Services, was established in May of 2022 as a result of an increased requirement for service equipment and service professionals in the Saskatchewan and Manitoba Oil and Gas markets.

Amped Well Servicing proudly teamed up with well known service professionals local to this market, and with newly refurbished rod service equipment, began the operation in Swift Current, Saskatchewan. Since inception, Amped Well Servicing has expanded operations to Western Manitoba and Southeast Saskatchewan.

WHY DO YOU THINK YOU'VE BEEN SUCCESSFUL?

Randal Syverson - Operations Manager, says, "The team we have in place has been in the area since 2009. We understand the needs of the producers here. We understand the communities here." The local management really does understand the value of community having been involved in coaching minor sports and volunteering for various local initiatives. They employ local people and support their efforts as well to take part in local activities and sport.

APPLICATIONS

- | | |
|---------------------------------|------------------------|
| Conventional sucker-rod | Wellhead valves |

| Killing wells | Coiled rod jobs |
| Flushing production | Rod string changes |
| Well abandonment | |

WHAT DOES BEING LOCAL MEAN TO YOU?

"Understanding what it means to be local involves embracing community values, engaging with local businesses, and contributing to the well-being of the area. It's about forming connections, supporting local initiatives, and being an active participant in the growth and sustainability of the community."
